

CANADA'S LEADING PERFORMER BEHIND THE LIGHTS IS

CELEBRATING MORE THAN 55 YEARS OF SERVICE

As a proud member of the Toronto Congress Centre team, we would like to provide you with a brief overview of our company.

Since 1947 we have been providing temporary technical show services to a growing industry and have developed equipment designed exclusively for the show service industry. This equipment provides reliable, safe and efficient show site installation and removal. More importantly when combined with SHOWTECH'S team of highly skilled professionals you can be confident of a positive show experience.

When it comes time for your event, you want an experienced contractor working quietly on your behalf behind the scenes. We have provided this type of service to thousands of shows and, more than 2,000,000 exhibitors in every conceivable type of venue across the country. This year we will service over 3000 events in more than 30 facilities across Canada.

For more than 55 years, we have provided a comprehensive range of services and equipment for our customers.
